

ZEBRA® SUPPLIES ZIPSHIPSM PRICE LIST - RFID

Zebra is one of the largest converters of thermal supplies in North America. Featuring the largest selection of pre-tested, high-quality labels, tags, receipt paper, wristbands, cards and ribbons, Zebra can provide a solution for virtually any application.

Effective June 1, 2020

Zebra Certified Supplies

EXCEPTIONALLY CONSISTENT AND CONSISTENTLY EXCEPTIONAL

1 We sift through thousands of available media options.

2 Our R&D experts select, convert and rigorously test all materials.

3 We certify only those offering the best thermal printing performance.

4 We never substitute raw materials, so our customers get consistent quality.

Zebra™ Certified Supplies

Zebra makes selling supplies easy.

- With more than 1,500 combinations of high-quality and reliable labels, tags, receipts, wristbands and ribbons we can meet the needs of most applications and budgets.
- We have over 1,000 ZipShip™ products in stock and available for immediate shipment from four convenient locations, ensuring quick and low-cost delivery.
- We have a dedicated Supplies R&D team and lab with a combined 30 years of experience committed to developing unique solutions for customers, in addition to providing diagnostic testing services.
- Can't find the product you need in stock? We pride ourselves on our extensive manufacturing capabilities, including printing, converting and finishing.
- We are ISO 9001:2015 certified. We have standard consistent processes in place that we must follow to ensure the creation of finished products that deliver high customer satisfaction.
- Our knowledgeable sales team has been extensively trained which allows them to quickly recommend materials and solutions that are best suited for the end-user's application.
- We offer several inventory management options, so you don't have to manage inventory.
- The Printhead Protection Program allows end-users to get free printheads when they exclusively utilize Zebra Certified Supplies, giving you an advantage over the competition.

Catalog Changes – 6.1.2020

General Purpose RFID Labels

Zebra's General Purpose RFID label offering includes a variety of inlay types and works on most non-metallic surfaces, such as plastic and corrugate. Typical applications include labeling of cases, pallets, products and healthcare specimens. Zebra's RFID labels have been tested and optimized to work with Zebra's RFID printers and readers. Due to the many variables that can affect read range, we recommend testing in your environment to determine which label works best in your application.

Advanced RFID Labels

Zebra's Advanced RFID labels provide a higher level of read performance than our General Purpose RFID labels in similar applications. Typical applications include labeling of cases, pallets, products and healthcare specimens where longer read ranges are required. Zebra's RFID labels have been tested and optimized to work with Zebra's RFID printers and readers. Due to the many variables that can affect read range, we recommend testing in your environment to determine which label works best in your situation.

IMPROVE ACCURACY, EFFICIENCY & THE CUSTOMER EXPERIENCE WITH COLOR

Print color labels on demand using Zebra's exclusive IQ Color direct thermal ink technology, and any Zebra® thermal printer.

IQ Color enables you to create visual cues or highlight important information — and do it as needed — within your current label format. This innovative technology provides a flexible, efficient and accurate alternative to such methods as using preprinted color thermal media, laser or ink jet printing, separate color labels, or color markers.
